Membres 125
Recherches 97
Communication 45
"Un réseau d'éducateurs, d'universitaires et d'artistes travaillant dans ou étudiant l'intersection entre les sciences humaines et le génie ; des ingénieurs qui s'impliquent dans des domaines au-delà du génie, et des éducateurs et chercheurs adjacents au génie qui apportent leur perspective à un environnement d'ingénierie."
Vision
Guider l'éducation en génie canadienne et les environnements de travail en renforcant la contribution de la profession à un monde meilleur.
Mission
Notre mission est de relier et d'habiliter les éducateurs, chercheurs et artistes en génie pour une amélioration continue de l'éducation en génie et en conception par la pratique sacrée.
Valeurs
Intégrité, Innovation, Inclusion et respect.

Communication 45
"A network of educators, academics and artists working within or studying the intersection between humanities and engineering; engineers who engage in areas beyond engineering, and engineering adjacent educators and researchers who bring their perspectives to an engineering environment"
Vision
Leading Canadian engineering education and practice in humanity and enhancing the profession's contribution to a better world.
Mission
Our mission is to connect and empower educators, researchers and artists towards continual improvement in engineering and design education through scholarly practice.
Values
Integrity, Innovation, Inclusion and respect.

Timothy Maciag
[He/Him/His]
Associate Professor
University of Regina
Regina, Saskatchewan
About Timothy
I teach several undergraduate & graduate level Software Systems Engineering (SSE) courses & conduct explorations and research in the fundamental SSE areas of requirements engineering, UX/UI design, software architecture, software and usability engineering (people and humanity-centred design under the lens of the UN SDGs). I am passionate about education, life-long learning, safe-fail/safe-fail exploration, and continuous improvement.
